

Area Hats

Tired of not having a hat to wear with your uniform? If you are interested I am having a hat made. Depicted below, it looks great with the tan shirt. Although not an 'official' part of the uniform it would replace some of the non-scouting ball caps which scouters have been wearing. In order to have this produced it will be necessary to have enough interest in the Area. Please email me with numbers of interested youth and scouters as soon as you are able. The cost would be around \$12.00.
